OR, MY COMPANION, CAME TOWARD ME.
 THE WIDE WAYS OF EARTH,
 IN CIRCE'S HOUSE,
 LABOR PRESSED US.
 NOW, PITY TOUCHED MY HEART
 WORRY TO HIM THERE: ELPENOR,
 DOWN TO THE WORLD OF DARKNESS?
 , THAN I IN MY BLACK SHIP.

AINED AS HE OFFERED ME AN ANSWER:
 ODYSSEUS, OLD CAMPAIGNER,
 OD, AND GOD KNOWS HOW MUCH WINE-
 N... I'D BEDDED DOWN
 OUSE BUT NEVER THOUGHT
 N BY THE LONG LADDER -
 I PLUNGED, MY NECK SNAPPED
 OUL FLEW DOWN TO DEATH. NOW,
 LEFT BEHIND, SO FAR FROM HERE,
 WHO BRED AND REARED YOU AS A BOY,
 HOME IN YOUR HALLS, YOUR ONLY SON.
 LEAVE THIS LODGING OF THE DEAD
 WILL PUT ASHORE AGAIN

the feasters sat stunned, Odysseus took up another arrow and shot a suitor. Instantly, the suitors scattered in all directions. Athene took off Odysseus' disguise and those who were loyal to their king ran to his aid, as did Eumaeus and Telemachus. They routed the suitors from the palace and Odysseus once again took possession of his kingdom and lived with his beloved wife Penelope.

Category: Book review
Written by Michael Gibbons

Felice Vinci's *Baltic Origins of Homer's Epic Tales* was my first introduction to this body of scholarship which I found to be deeply intriguing and thought provoking. Vinci makes the argument that the Homeric tales show evidence that these well known myths took place in the Nordic regions rather than in the Mediterranean as commonly understood. His evidence is linguistic and geographic. For instance, he walks through key components of the tales illustrating that the geographies of The Faroe Islands, Norway, and Sweden, match the described details of the Ogygia, Scheria, and Ithaca remarkably closely, and certainly more closely than anything near the Mediterranean.

For a similar instance, in his linguistic argument suggesting Ogygia lies in the Faroe Islands, he points out that Høgyggj, the name of the mountain, is very similar to Ogygia as referenced in the story. Finally, while walking through his geographic and linguistic arguments that these epics are of Baltic origin, Vinci refers to the many times the weather is cold, misty, freezing, foggy, and with deep velvet colored seas, pointing out that this bears little resemblance to our warm, sunny, and blue understandings of the Mediterranean. This is but one series of examples in a few pages, with the book explicating many more throughout its length.

I found Vinci's arguments compelling, although scholars more familiar with the epics will want to review the evidence for themselves. As this was new information for me, it set my imagination alight, and I found myself looking into other similar scholarship. This is a burgeoning literature, including Vinci's other writings, and stretching back to Olof Rudbeck's discussion of Atlantis as Sweden. It is worth noting that Vinci also gives a treatment of Atlantis in this work – but the reader can find out for him or herself where Vinci stands. Vinci's work comes across as competent, separating it from some of the pseudo-scientific work which was propagandized by the Nazis. But this is where familiar scholars will be able to more quickly separate the legitimate and paradigm-challenging work from the rest.

As a sociologist with an interest in cultures, the follow-up question is intriguing. If these epic tales took place in the Baltic region, then how did they eventually take on a Mediterranean home? By what mechanism does a piece of culture move from one corner of the globe to another, but forgetting key such key elements as Sweden = Ithaca? Vinci addresses this in the 4th part of the book, appropriately titled "The Migration of Myth."

A key component to the migration of myth here is the role of climate. Vinci locates much of the narrative in the climactic optimum (4000-3000 BCE) when a warmer climate made regions near the arctic much more pleasant and habitable. With the ending of this warm and favorable period, at least some of the northern people migrated southward. He argues that in the mythologies of many cultures, there are remnants of climatic collapse, and provides several examples of cultures that were disrupted or dislocated by the negatively changing climate. For examples of these possible migrations he draws from several northern Europe locations for sources of Indo-European cultures. He provides numerous cultural and mythic references creating potential links. These include possible cultural origins of several peoples in the Scandinavian or Russian Arctic, Aryan migrations southward and potential northern links to Egypt and Rome. Much of this argument is built on similarities between mythologies, biblical tales, and place names.

Odysseus is known as "politropos", a man of many twists and turns and tricks, a man who lives with his ingeniousness. He expects the story of Odysseus to end with his return home as a hero. It would be like ending the drama 'Dr. Faustus' with him to become the world's greatest magician, and how bettors are leaving the theatre saying to them: "Oh, of course, he goes to hell after this. King Priam kisses the hands of Achilles, saying: "I endured what no one on earth endured. The Iliad: Hot Take "As a girl, a child who runs after her mother, begging to be collected, and she sticks on her skirts, holding her back while trying to hurry—all tears, fainting on her, until she gets in her arms... That's how you look, Patroclus, streaming live tears." So, when I finished the Iliad I made a joke that what Homer had actually written was the foundation of the narrative because he wrote the Iliad before the finals were invented. Actually I don't have complaints - saving for the woman rampant to hate in poetry, of course. It is a story of heroes of immense pride and animal force that operate in their element. For both Odysseus and Homer. Well, after hearing about Iliad and Odyssey throughout my life through mysmia of culture, media, and a primary school teacher who, in my memory, taught me nothing but the Greek myth (big up to Miss Fahey), I finally arrived.¿ The taht gniht lacisyp taht fo kniht I tahw si ereh oS,dehbimí ¿ down down walls, loss of naval escape routes, people's families back home and debts that are forever left unpaid and crimes that are left unresolved due to the actions and the bloodshed of the trojan war. I'm talking about that. Or are they just counted as translators? The Iliad is the story of the Trojan War, but much more: it has many tender scenes, it critiques the idea of the hero and it examines the role of the Gods in history.The Odyssey, Homer's epic tale of Odysseus and his ten-year journey home after the Trojan war is a wonderful story that has entranced generations over the last two and a half millennia. This is the story of The Odyssey is not just about Odysseus' adventures on the way home, it is also about faithful marital love, and the love of home and country. To me, they're two sides to the same aegean coin, and you NEED the Odyssey to pick up the slack that the Iliad drops.Overall: 4/5 stars ...more Project Gutenberg 68,301 free ebooks 4 by W. Oh! And to make it even more confusing, I listened to them via audiobook. The Iliad, beginning"Sing, goddess, the anger of Peleus' son Achilles / and its devastation"describes the devastation unleashed by Achilles's rage, engulfing soldier and civilian, hero and coward, ruler and slave and even women and children. Reading stories this old is like saying you finally heard Bohemian Rhapsody, but it was played by some guy in a pub who heard another guy describe it (admitantly, really well) on the radio from the time his dad played it for him aft Well, after hearing of the Iliad and the Odyssey for my entire life through the miasma of culture, media, and that one primary school teacher who, to my memory, taught me nothing but greek myth (big up Miss Fahey), I finally got around to reading them. And what about the text? Long story short; no pay off. The nearly invincible Ajax struggles to choose between heroic glory on the battlefield and the blessing of returning to the land of his fathers. How much of Homer was OG Homer? The poem ends with him recreating the glory he deserves from the gods, enaking his revenge on Hector, giving a funeral for Patroclus, and giving Hector's body back to his father, the king. Walter Merry, James Riddell, D. B. etc. This arc of history takes on a majority of the poem of what the arch of Achilles does, and is left irreplaceable. Hell, Pd say Achilles's arc wasn't fixed. But it is much more than a great epic of war. Homer creates complex human characters. Homer's works have been studied, cited and translated into every corner of Europe and its influence on Western imagination is immense. "ba-dum-tis" For those who do not understand, the Iliad does not include the fall of Troy, the wooden horse, or the death of Achilles. Everyone knows this is going to happen anyway. You don't have to show it. "Yes, granted, the plot of Achilles is an integral part of history, and all these points are valid. Sikes, Comment to the Home Innes, HYMN APHRODITEW. Instead, Homer and the destinies send him to another ten years of travel. Do we even know if one of Homer's words survived the subsequent changes that the other Homer have added to the text? It is a brilliant poem and so many curves of phrase are derived from his writing, not only that, descriptions of the battles are half 2000 levels of anime scales and hype proportions. This poem has everything, non-linear narrative, cyclops, dead mothers, irrelevant suitors, domestic abuses, a thirsty goddess stuck on the island of paradise, Odysseus cries as always and as soon as he comes home he tells his son not to be such a woman. Lucas Collins Iliade and Odyssey are the first works of Western literature and are the source for most of Western culture. Then, after ten years camped out Troy and the loss of countless lives on both of us acitammard acitammard enoisulcnoc anu a aiorT id arreuq al atrop ,ital The now famous Trojan horse. And what about translators? These are too many questions to sift and I am not qualified enough to answer any of them, so I am not involved in all that nebula "oral tradition", it is irrelevant possible Judge only that I read in this collection of words that made up Two long (but bright) poems. E. While the Greeks leave for Troy, it is the intelligence of Odisse who allows him to find the hero Achille who is crucial for their victory. Allen, E. a Greek and Troy couple, Diomedes and Glaucus, meet on the battlefield, but realizing that they have an ancestral connection, exchange conversations and armor rather than insults and shots. strokes.

Summary. The Land of the Dead is near the homes of the Cimmerians, who live "shrouded in mist and cloud" (11.17), never seeing the sun. Odysseus follows Circe's instructions, digging a trench at the site prescribed and pouring libations of milk, honey, mellow wine, and pure water. "Odyssey" is the second (after the "Iliad") Greek epic poem, written by the ancient Greek poet Homer. It was written in the 8th century BC and tells about the adventures of a mythical hero named Odysseus during his trip home after the Trojan War, as well as the adventures of his wife, Penelope, who was waiting for Odysseus on Ithaca. THE ODYSSEY BOOK 11, TRANSLATED BY A. T. MURRAY [1] "But when we had come down to the ship and to the sea, first of all we drew the ship down to the bright sea, and set the mast and sail in the black ship, and took the sheep and put them aboard, and ourselves embarked, sorrowing, and shedding big tears. In Greek mythology, the Trojan War was waged against the city of Troy by the Achaeans after Paris of Troy took Helen from her husband Menelaus, king of Sparta.The war is one of the most important events in Greek mythology and has been narrated through many works of Greek literature, most notably Homer's Iliad.The core of the Iliad (Books II - XXIII) describes a period ...
